"Friendlier Products for a Safer Planet"

Start Your Own Home Business

Our Products Outperform All Others, Guaranteed!

Make Profits of Between 400% - 500%

AlfaKleen Chemical Laboratories, Inc. is a 26 year old manufacturer of biodegradable cleaning products, selling primarily to the Federal Government. We are now offering an exciting new program to individuals, who want to get the jump, on starting their own small business, right from home. By receiving this turn-key opportunity, you would be able to start making sales the very next day; for products that everyone uses everyday, with profits of up to 500%, for a total cash outlay of only \$5995.00, payable over 3-months.

Here's how the partnership program works. We would supply you with the following:

- * A complete guide on *how-to-setup* your business, including: How to obtain your business license, tax exempt certificate, safety tips, and helpful hints from our companies' *Trade-Secrets* vault.
- * Marketing tips on where & *how-to-obtain* sales from neighbors, trade shows, magazines, and your very own website, which we can develop for you.
- * Technical support training, outlining detailed *step-by-step* operations, from start to finish.

COST FOR THE PROGRAM
